CHARLESTON COUNTY

Housing our Future

Charleston County Department of Housing and Neighborhood Revitalization (HNR) wants you to join us as we host several public meetings to discuss housing needs, our developing community engagement survey, and gain feedback about HNR's comprehensive housing plan, Housing Our Future. The American Rescue Plan Act of 2021 (ARPA) provided funding to Charleston County for Coronavirus pandemic relief and economic recovery. The Department of Housing and Neighborhood Revitalization (HNR) has been given the responsibility to plan, award, and distribute these funds to achieve the maximum level of community impact. We hope to see you there!
