Good Afternoon Petar,

I can attend the meeting. If possible, can CWS go first on the agenda at 7 PM and then let your community get into any other items on the agenda.

Do we need to screen share any of the materials provided to the community during the meeting?

Look forward to talking with your group.

Subject: Re: [External] Upcoming Water Main Replacement in Wagener Terrace

Hi Laura, I hope all is well. Would you or a representative of Charleston Water System be available to attend our neighborhood meeting (virtual) this coming Monday at 7p?

Ours neighbors have a few questions regarding the water test kits and current status.

Please let us know if you can attend and we'll send you an invite.

Thank you,

Petar Lemajic

WTNA President

>> Good afternoon Petar,
>>
>> Just wanted to give you the latest update on Charleston Water System's upcoming water main replacement project on Grove St. and Wagener Ave. I know it feels like we started talking about this forever ago, but we will start construction at the corner of Grove St. and 12th Ave. the first week of December. From there we will move block by block down Grove St. towards Lowndes Grove, and then to Wagener Ave., with the project completion date expected early spring 2023.
>>
>> The attached brochure was mailed to all impacted Wagener Terrace residents, and they should have also received an automated call about the project. We've also been in touch with both City Councilmen Gregorie and Sakran, as well as the City's neighborhood services division. Please feel free to pass the brochure along to other neighbors you think might be interested, as this project will be highly visible and take many months to complete. As always, let me know if you have any questions.
>>
>> Thank you,
